Recruiting Troubles Blamed on Capital

Editor Morning Journal:

"Americans are not volunteering for service in the army anywhere," Mr. Editor, one will not have to go far to find out the available reason why the native-born Americans do not join the army, for this simple reason that the capitalists, large and small, are hiring all over this entire country the Mexican peon labor in preference to the native-born American. In all lines of labor, do not think for a moment that I am a socialist, or a disgruntled agitator, but to the contrary, as I was born in the hotbed of democracy, in Texas, and yet I see every day this preference shown wherever I may stop or travel. My business calls me to mix and mingle with the working class of men who make the assertion that should they join the army, they will have to leave their homes to fight, and protect a lot of so-called Spanish-Americans whose whole soul sympathy is with our enemy in Mexico, and yet I see the capitalists are giving preference to any old grade of foreign element who will supplant the loyal Americans, who are yet true to principle of justice and equal rights to all, and when we see this preference every day, right before our eyes, and the courts of the land which are supported by the loyalty of the native-born Americans who are made hobos for the lack of employment, and who pay their just proportion of tax, when allowed to enjoy a permanent abode long enough to create a home and become taxpayers, and who are the basic principle of good government, when they can get the just allowance for a wage scale, then the native-born Americans will prove loyal to the standard of arms, and not before.

As all native-born American laborers know of this injustice shown by the moneyed class, and they are making an issue of it now all over this western country, and I, for one, am not willing to see the flower of the American youth go to the army to

INSTITUTE HAS FINE PROSPECTS FOR NEXT YEAR

Need of Preparedness for
Peace as Well as War Ac-
centuates Value to State of
Military School at Roswell.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Roswell, N. M., June 5.—At the close of one of the most successful sessions in all its history the New Mexico Military Institute is now looking forward to an even more successful session for 1916-1917. The interest shown in the work of the school in all parts of New Mexico and adjoining states, and even in distant states of the east and on the Pacific coast, gives every assurance that the West Point of the west will see a larger enrollment and an even more satisfactory standard of work than at any time in the past.

While this is due in part to the general awakening of the people of the United States to the necessity for military preparedness, the real secret of the growing popularity of the school lies in the fact that it has been able to make them good citizens and enable them to compete successfully in the more quiet but not less vitally important struggle for supremacy in the affairs of the world.

Preparedness for Peace.
In other words, the work of the New Mexico Military Institute is not merely one of preparedness for war. Primarily it is one of preparedness for peace, with the additional advantage that in the event war should be thrust upon the country the nation will find in the young men who have been turned out from this school a body of trained soldiers equipped to take command in the field and uphold the honor of the stars and stripes.

The value of the school as a means of fitting young men for the ordinary affairs of life has been proven on many occasions by the fact that its graduates have been called to fill positions of the highest responsibility and lucrativeness in various parts of the United States, and that without exception they have acquitted themselves with credit to themselves and to the institution from which they received their education.

Value of Physical Training.
Attention has been called on more than one occasion to the excellent results obtained in the physical development of the cadets by reason of their ordinary routine of school duties. Aside from the actual growth and improvement in bodily health that has been shown from actual figures compiled by the medical authorities at the institute, the moral effect of the discipline under which the cadets live their daily lives is far-reaching in the development of character. Manliness and self-restraint are as imperative in the code of this institution as are erect carriage and the making of required grades in classes.

The entire faculty of the institute has been retained for next year, insuring the maintenance of the high academic standards which have caused the school to be recognized as one of the foremost military academies in the United States. With Colonel J. W. Willson, the superintendent who has brought the institute up from an obscure position in the educational world to its present excellent standing, again at the head, and this able staff of instructors to assist him, it is easy to understand the statement that the most successful year of its history lies ahead of the New Mexico Military Institute.

WOMAN'S PARTY MAKES FORMAL BOW; SUFFRAGE IS TO BE ITS ISSUE

(Continued From Page One)
Duty first.
"Duty to other women."

What Will They Do With It?
As to what women will do with their votes after they have obtained nationwide equal suffrage, Mrs. Belmont stated that time and women will tell. "Woman does not ask the vote for her own selfish interests," said Mrs. Belmont, "for her own individual protection, but as a demand against the injustice which has excluded one-half of the human race from the right to speak for itself and vote for itself. Her desire is not that she shall have a new privilege, but that all women shall have their rights, which is an equality before the law, and equality in making the laws."

Committees Appointed.
Committees were appointed as follows:
Permanent organization: Mrs. Lillian Kerr, Colorado; Miss Margaret Lee, Utah; Mrs. J. H. Morrow, Montana.

Rules: Mrs. Louise Garnet, Utah; Dr. Caroline Spencer, Colorado; Miss Hortense McManis, Idaho.
On hearings before republican, democratic and progressive conventions: Miss Isabel Vernon, Nevada; Mrs. Avery Conoley, Illinois; Mrs. Elizabeth Gerberding, California.

FORD IS TOO BUSY TO ATTEND CONVENTION

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Detroit, June 5.—Henry Ford's secretary announced today that Mr. Ford would not be in Chicago while the republican convention is in session. "Too busy," was the reason given. It was also announced that Mr. Ford has not authorized any person to make an address placing his name before the convention.

AMERICANISM TO BE KEYNOTE OF PLATFORM, SAY G. O. P. LEADERS

Even Tariff Plank Can Be
Built on Such Superstruc-
ture, One Senator Con-
tends.

**DOCUMENT NOT TO
BE VERY BRIEF**

Borah Declares Party Owe It
to Country to Prepare Com-
prehensive Statement of
Principles.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Chicago, June 5.—Although the dis-
position among republican leaders is to leave decision on the platform to the convention itself, consideration was given today to outstanding fea-
tures.

The advance preparation which characterized other conventions has been lacking, but Senators Lodge, Borah, Sutherland and many others in the senate and house have had suggestions under consideration for many weeks. These probably will form the basis for discussion in the committee on resolutions with the convention as the final judge.

Progressive Ideas Wanted.
Every effort will be made in the platform, if suggestions are followed, to incorporate some progressive party ideas. A recall plank, probably will not be approved by leaders in platform framing, but a strong fight will be made for an endorsement of woman suffrage.

In what the three senators have done the first thought has been to give the greatest prominence to Americanism. Senator Sutherland has gone so far as to suggest that this word should be used as a key to the whole superstructure, all other declarations being built around a ringing pronouncement in favor of American nationalism. His belief is that even the tariff plank could be made to fit into a declaration for Americanism only.

Americanism Keynote.
While not committing themselves entirely to this plan of procedure, other platform builders support an out-and-out declaration for nationalism. Some of them are inclined to the belief that this plan might result in too great restriction and thus exclude many necessary matters.

Some also are getting away from the thought that the platform should be exceptionally brief. "We don't want to be uselessly prolix," said Senator Borah soon after his arrival today, "but we cannot and must not overlook the fact that the republican party is out of power, and that being the case, we owe it to the country to present a comprehensive statement of the basis of our appeal for support. If we had a republican president his platform might be sufficient platform in itself. Not being thus situated, we are obliged upon to say what we propose to do, and, incidentally, to point out some of the mistakes of our opponents. We should not deny ourselves this opportunity in our desire to be epigrammatic."

Wilson Policy Scored.
As the draft stands it is at once a criticism of the democratic management of foreign affairs as vacillating and unsatisfactory, and a recommendation in favor of the protection of the lives and property of American citizens at home and abroad.

The democratic direction of affairs in connection with Mexico will be attacked with special severity as totally inadequate to the demands of the situation; but no declaration for actual intervention in Mexico is contemplated. An army and navy adequate to the protection of American interests will be advocated as the best means of preserving peace and protecting the national honor.

Usual Protection Plank.
The tariff plank will include not only the usual republican pronouncement in support of the principle of protection, but in addition there will be an assertion of the inadequacy of the present tariff law to meet revenue demands. It will be asserted that but for the stimulus of the war, business in the United States would have suffered many hardships as a result of the Underwood-Simmons law, while at the same time the treasury would have been continuously empty. Promise will be made of an immediate revision that will be to the advantage both of the national treasury and of private business. A tariff commission will be demanded in the interest of the stability and equality of the tariff.

Must Attract Bull Moose.
Much attention is to be given to features of the platform which it is believed will appeal to the progressive element and to the former members of the party who supported Colonel Roosevelt four years ago. To this and tentative planks have been prepared covering most of the distinctive points of the progressive platform in 1912. These do not include an endorsement of the recall, but they do embrace the subject of woman suffrage. It is the belief of the framers of these provisions that the declaration along progressive lines should be so comprehensive and clear as to leave no ground for opposition on this score. The advocates of the suffrage provision expect a fight, but say they have an equal chance to win.

Senator Lodge, it is conceded, will be chairman of the resolutions committee. He has filled this position in previous conventions, and it is be-

GERMANS HURL MASSES OF MEN AGAINST VERDUN

Hardened French Officers De-
clare Butchery Surpasses
Imagination; Ground Near
Fort Vaux Is Blood-sodden.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Paris, June 5.—In their attacks on Fort Vaux, one of the outlying defenses of Verdun along the front east of the Meuse, the Germans are hurling their infantry in masses so compact that the first ranks are obliged to advance to certain death.

The assaulting columns debouch from the village of Damloup below the fort and separated from it by a ravine which they must cross to attain the slopes near the fort. For three days this spot has been the scene of carnage which has saturated the ground with blood.

One German column advanced no further than the bottom of the ravine. The front ranks, pushed on by those behind, fell as fast as they reached the dead line swept by the French quick fire. As they toppled over others came on to take their places and fall in turn.

French officers, although hardened to the worst sights of war, declare the butchery there surpasses imagination.

RUSSIANS WIN ON ROMANIAN FRONTIER

Petrograd, June 5 (via London).—Russian forces have won great successes along the front from the Tripoli marshes to the Roumanian frontier, according to an official announcement issued here today. It is stated that the Russians took 13,000 prisoners.

HARD BATTLE ON IN YPRES REGION

British Headquarters in France, June 4 (via London, June 5).—The British and Germans are fighting hard in the region of Ypres, where last Saturday the British in hand to hand encounters recaptured most of the trenches the Germans had taken from them previously in the sector from the Ypres-Comines canal to Hooge Point. In the face of repeated attacks, the British have been unable to retain the bulk of the recaptured ground, but still are fighting strenuously to keep what they have and to recapture what they have lost.

Gould Interests Lose Suit.

New York, June 5.—The suit brought by George J. Gould and other trustees of the estate of Jay Gould, to recover \$1,741,000 from the St. Louis, Iron Mountain and Southern railway, was dismissed today by Federal Judge Hand. The suit was based on the alleged refusal of the road to make good defaulted notes to the amount of \$1,741,000 of the Texas and Pacific railway company, of which the St. Louis, Iron Mountain and Southern had endorsed and delivered for value to the Gould trustees. Judge Hand ruled that he lacked jurisdiction in the case and cited also a number of reasons for the dismissal.

Supreme Court Adjourns.

Washington, June 5.—The supreme court adjourned today until June 12, which will probably be the last decision day until October.

Healed his experience as well as his knowledge of legislation and of foreign and domestic affairs will greatly facilitate his work. He is credited with the authorship of the proposed declaration concerning foreign affairs, but he refused today to discuss the platform in any of its phases.

Postum is made from wheat, roasted with a bit of wholesome molasses—a pure food-drink that is both healthful and delicious. A great many sufferers from headaches, "coffee heart," nervousness, sleeplessness and other ills brought on by the use of coffee with its nerve-destroying drug, caffeine, have found happy relief by quitting coffee and using

Postum comes in two forms: Postum Cereal—the original form—must be boiled; Instant Postum—soluble—is made in the cup with hot water, instantly. The cost per cup is about the same, and both kinds are equally delicious when made right.

BIG AUTO MERGER NOW IN PROGRESS

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
New York, June 5.—Progress toward the completion of the new automobile consolidation which embraces the Willys-Overland, the Hudson and the Chalmers automobile companies, as well as allied concerns including the Autoite company, was announced here today. The new company will probably bear the corporate title of the American Motors company with \$70,000,000 of preferred stock with a par value of \$100, and 250,000 shares of common stock of no fixed par value. It is proposed to apportion the entire preferred stock among the companies entering into the merger and according to present plans none will be offered to the public.

FAIR CASH VALUE IS MEASURE OF DAMAGES

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Washington, June 5.—Reversing decisions of state courts in Kentucky and other states, the supreme court today held that juries should be instructed in awarding damages under the federal employers' liability law that "fair cash value" of the damages suffered by beneficiaries of employees injured or killed, should be awarded, rather than a sum equal to the full amount of money the beneficiaries would have received during the period of dependency.

BROTHERHOOD SUED FOR HEAVY DAMAGES

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Denver, June 5.—A. H. Hawley, grand secretary of the Brotherhood of Locomotive Firemen and Enginemen in convention here, is defendant in a suit filed in the district court asking \$10,000 damages and body judgment. The suit is brought by E. Russell and according to brotherhood officials is believed to be Mrs. E. Russell, former president of a local lodge of the ladies' auxiliary. The case is understood to have arisen out of the soliciting of advertisements for a souvenir program in connection with the meeting of the ladies' auxiliary.

Ashamed of her bad complexion

If you, too, are embarrassed by a pimply, blotchy, unsightly complexion, try Resinol Soap and Resinol Ointment regularly for a week and see if they do not begin to make a blessed difference in your skin. They also help make red, rough hands and arms soft and white.

**Resinol

and Glycerine Soap sold by all druggists. For trial free, write to Dept. 2-8, Resinol, Baltimore.

HOLDS LAW BREACH IS NEGLIGENCE PER SE

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Washington, June 5.—Reaffirming a judgment of \$10,000, obtained in the Texas courts by William Wagner, brakeman on the San Antonio and Aransas Pass railways for injuries received while operating a coupler, the supreme court held the only negligence necessary to sustain recovery under the federal employers' liability act is proof of a violation of the federal safety appliance laws.

Democrats Win.
Chicago, June 5.—Returns from 1,662 precincts out of 2,384 in Cook county in today's judicial election, indicated the election of the entire democratic ticket by a substantial majority.

What He Found

"Having drunk an excellent cup of Coffee," said a certain physician, "I found that I hadn't drunk coffee, but Postum!"

Numbers of people, like this doctor, have been pleasantly surprised at the pleasant aroma and snappy, Java-like taste of Postum.

And yet, Postum doesn't contain a particle of coffee—and better still, not a particle of the drug, caffeine, nor any other harmful substance.

Postum is made from wheat, roasted with a bit of wholesome molasses—a pure food-drink that is both healthful and delicious. A great many sufferers from headaches, "coffee heart," nervousness, sleeplessness and other ills brought on by the use of coffee with its nerve-destroying drug, caffeine, have found happy relief by quitting coffee and using

POSTUM

"There's a Reason"

Postum comes in two forms: Postum Cereal—the original form—must be boiled; Instant Postum—soluble—is made in the cup with hot water, instantly. The cost per cup is about the same, and both kinds are equally delicious when made right.
